

SOPHIE

LILLENNE

THE FRAGILE IDEA

BRAND NEW STAR

You're so beautiful
With this song
I will be with you

I want to be a star.
Then I will be in your arms

NO ANGELS IN BRISTOL

Tell me.

Do you still believe in angels

Confess me.

Do you still compare the skies
high inside.

ERASE AND REWIND

Erasing all the things I've done.

Creating something to be proud

ORACLE

Her shade was mine.
Her face was inside my faith
Her touch is all I need to live.

Nevermind
It's like swimmig in the air.
Blue is my mind
Close are my eyes

FRAGILE

I need
Your loving words
I wish I could be
Your loving memories
Here I am

ESTEEM

Your taste.
The salt of my tears

LIGHTS IN THE TOWN

The rain will wash you away
Again

IMMIGRANTS

Always

Your grace is moving away from here.

In this place you're losing your favourite dream

INNER WORLD

Should I hurt my self?
Should I trust again?
Could I share my world?
Could you see my wounds?

AIRY

Where there's no echoe.

Safer.

Now In your shelter.

Time is left for one more reason

INDIE GIRL

Her shade is
Made of glass
Her voice
Sounds like
A million cries

With her shade
On her smile
She goes through

RADIO REQUIEM

You'll never know

What's inside of me.

LONELY HEART

Glory this morning
Has liquified me 'cause I lost myself

Sing deep sweetness
Sing sweet deepness

WONDERING

I'm cold inside.

I want to survive.

PATH

If I could touch your body

FRAGILE (RE) ACTION

I lost my mind
I changed inside.
No it's not true.
It was because your lack of trust
You changed inside.

CIRCLE

Around
My lies
My life.

HIGHWAY

Over you
I'll come.
Over you
I'll shine.
